

Please read the Quick Use Guide carefully before operation.

Note: Product appearance, color, and included accessories are subject to change without notice.

1. Product Appearance

2. Product Specifications

Battery	CR14250 800mAh disposable battery
Device size	$\Phi 42.5 \times 24\text{mm}$
Working Voltage	3V
Operating temperature	-20 °C to +70 °C
Buzzer	80dB
IP rating	IP68(Depending on whether the product is tightened)

3. Instructions for Use

- 1、 Rotate the mechanism counter-clockwise to open.

- 2、 Insert the battery connector into the device socket, ensuring it is aligned correctly. Once properly connected, the device will activate and emit a confirmation beep.

3、 For fixed installation, it can be attached to flat surfaces using the provided 3M foam adhesive (peel off the release paper first). It can also be attached to metal surfaces using the magnetic accessory. Please select the appropriate method based on your actual needs.

4、 Open the companion APP and scan the code to bind the device, or contact your dealer to have it registered on the management platform.

Note: Do not immerse the battery in water or put it into fire. Do not destroy or force open the battery, the battery is disposable and non-chargeable! Please recycle used batteries in accordance with local environmental regulations.

WARNING

KEEP BATTERIES AWAY FROM CHILDREN

If swallowed, a battery can cause severe chemical burns and potentially perforate the esophagus within 2 hours, leading to serious injury or death.

If you suspect a child has swallowed or inserted a battery, immediately call the 24-hour Poison Information Centre for emergency specialist advice.

4. Important Reminders

1、 Battery duration varies based on individual usage. Frequent use of the audible search function will accelerate battery consumption.

2、 To maintain optimal dustproof and waterproof performance, ensure both the top and bottom caps are tightened firmly after installation.

3、 This device uses a crowdsourced network. Location updates may be delayed. If the management platform or APP shows no data, please wait approximately 30 minutes and refresh. For best performance, try to activate or use the device in areas with more cell phone traffic.

4、 Do not disassemble the device. Unauthorized handling may cause damage.

5、 Use only the battery specified by the original manufacturer. The use of any other accessories will void all warranty services.

6、 The manufacturer is not responsible for any damage caused by the use of non-original accessories, improper handling, or unauthorized modifications.

5. Regulatory Safety Information

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
