

Please read the Quick Use Guide carefully before operation.

Note: Product appearance, color, and included accessories are subject to change without notice.

## 1. Product Appearance

Please cut along the dotted line to power on

## 2. Product Specifications

Battery	Built-in 25 mAh non-replaceable Eco-friendly Zn-Mn
Device size	67*57*1 mm
Material	Waterproof paper / Thermal paper
Operating temperature	0 °C to 45 °C
Device weight	4 g

### 3. Instructions for Use

1、 To activate the device, carefully cut along the indicated dotted line.

2、 Contact your sales company to download the official device management APP. To bind the device for management, ensure your smartphone's Bluetooth is turned on and place the device near your phone. This proximity ensures a quick and successful binding process.

Note: Do not immerse the battery in water or put it into fire. Do not destroy or force open the battery, the battery is disposable and non-chargeable! Please recycle used batteries in accordance with local environmental regulations.

**WARNING**

**KEEP BATTERIES AWAY FROM CHILDREN**

If swallowed, a battery can cause severe chemical burns and potentially perforate the esophagus within 2 hours, leading to serious injury or death.

If you suspect a child has swallowed or inserted a battery, immediately call the 24-hour Poison Information Centre for emergency specialist advice.

## 4. Important reminders

- 1、 Battery duration varies based on individual usage. Frequent use of the audible search function will accelerate battery consumption.
- 2、 To maintain optimal dustproof and waterproof performance, press the device to ensure the top and bottom layers are tightly sealed.
- 3、 This device uses a crowdsourced network. Location updates may be delayed. If the management platform or APP shows no data, please wait approximately 30 minutes and refresh. For best performance, try to activate or use the device in areas with more cell phone traffic.
- 4、 Do not disassemble the device. Unauthorized handling may cause damage.

## 5. Regulatory Safety Information

### FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
